**PT/EXPO COMM CHINA 2011 A LEADERSHIP POSITION AS CHINA'S  
LARGEST AND MOST SUCCESSFUL ICT EVENT**

**123,000 ATTENDEES VISITED 8 HALLS COVERING 45,000 SQUARE METERS OF EXHIBIT SPACE**

**PT/EXPO COMM CHINA 2012 -- SEPTEMBER 18-22, 2012 IN BEIJING, CHINA**

**Bethesda, MD, October 24, 2011 -- PT/EXPO COMM CHINA 2011** is one of the largest international telecom/IT events held in Asia. With more than 500 exhibitors from 13 countries and regions representing leading global telecom carriers, telecom/IT equipment manufacturers, Internet service providers, telecom press, and distributors this event truly is the annual technology meeting place in China for Information and Communications Technology (ICT).

Mr. Zhang Dejiang, Member of the Politburo of the CPC Central Committee, and Vice Premier of China, together with the Ministry of Industry and Information Technology (MIIT) and leading Chinese dignitaries and government officials welcomed exhibitors and attendees to another successful edition of the internationally known **PT/EXPO COMM CHINA** exhibition and conference.

**PT/EXPO COMM CHINA 2011** which took place September 26-30, 2011 at the China International Exhibition Center in Beijing attracted 123,000 attendees in 8 exhibit halls with 45,000 square meters of exhibit space. The event featured a full range of ICT products and services. The conference program focused on network infrastructure and expanding services in China as technology thought leaders discussed wireless communications products and services.

In his welcome message Minister Miao Wei, Ministry of Industry and Information Technology praised the diverse displays of products and services, among them networking technology, Internet services and content, ICT equipment and services, digital products for consumers, 3G/4G/LTE, Broadband, and multifunction terminal products.

Global service providers, equipment manufacturers, and content producers agree **PT/EXPO COMM CHINA** offers exhibitors and attendees a professional venue where business relationships can develop and grow. The 2011 event covered the landscape of next generation wireless networks, LTE advanced network services, mobile networks, WiMAX, and various network enhancements that businesses need to remain productive

China will continue to be a key growth market for ICT products and services and will generate long term business prospects for firms interested in the Chinese market. And the success of this event clearly indicates the world's leading manufacturers and service providers will continue to join **PT/EXPO COMM CHINA** to meet high level executives, industry experts, and decision makers from China and throughout the Pacific Rim.

**Dates for PT/EXPO COMM CHINA 2012 -- September 18-22, 2012 at China International Exhibition Center (CIEC) in Beijing, China.**
